Branson, MO 65616

Mr. Ward,

Construction and Materials and members of the Design Environmental Division reviewed the submittal of your new product, Silt Sock, 9" OD and 12" OD and have decided to approve it for use in Missouri as a Silt Fence, Type II Ditch Check and an Inlet Protection. Classifying a product as "Approved" does not obligate the Department in any way to use or specify the product.

Approval of your product is contingent upon continued compliance with the specification and satisfactory field performance.

Thank you for your interest in doing business with MoDOT.

Sincerely,

Jeff Joens
Senior Materials Specialist
